

Date: 10th August, 2022

Dear Parents of DP1(Class of 2024),

The Term Examinations for the academic year 2022-23 begin on 24th August, 2022. A copy of the seating plan for all exam days will be shared with students on teams and in WhatsApp groups a day prior to each exam.

Please find pasted below the Exam Time Table and find below the instructions to be followed.

1. Students must be seated in their respective exam rooms at 8:00 am for the first paper each day and 15 minutes prior to start of exam for all subsequent paper components during the day. So, it goes without saying that students must make it a practice to report by 7:45 am.
2. Please note that the school gates will be closed at 8 am sharp and students reporting late will be sent back home.
3. All examination materials like GDC on exam mode, pencils, pens and other materials must be brought along and no borrowing during examinations will be permitted.
4. Students should not enter the exam room with any unauthorized material or any electronic devices (including smart watches), even by mistake. It is considered as a breach of regulations and will merit an 'N' in that subject.
5. The Conduct of Examinations: Notice to candidates being sent with this mail as an attachment must be read carefully and adhered to.
6. Compass boxes and water bottles should be transparent. Erasers and water bottles should not have covers. No paper in any form should be with the student.
7. Students must carry their snacks with them if they have a break between two paper components.

8. Mobiles must be submitted for safe custody before 8 am in the boxes provided and must be collected only after all papers for the day are over. Students will not be permitted to ask for their mobiles between two components.

9. Students must be aware of the start time of each paper component and must wear watches as the mobiles will not be with them during the break between two sessions.

10. Students must make themselves familiar with the seating plan and must enter the exam room in an orderly manner and be seated only in their assigned places 15 minutes prior to the start of examination.

11. Students are expected to follow all instructions very carefully. Especially when the examination has ended, they must put their pens down on hearing the instruction and must not continue to answer the paper. It will lead to punitive action and their names will be noted.

12. Students are expected to follow their individual examination schedule and not consult their friends about the next day's exams. If a student does not have an exam on any day, they will stay at home and not report to school.

We seek your cooperation in ensuring that your wards follow the above instructions.

We wish them the very best for their examination.

Regards,

Dr. Vandana Lulla
Director/Principal
